Career Objective

Enthusiastic and dedicated **Fresher Web Developer** with hands-on knowledge of front-end and back-end web technologies. I am skilled in building responsive websites and basic web applications using HTML, CSS, JavaScript, PHP (Laravel), and Python. Looking for an opportunity to start my career, enhance my skills, and contribute to real-world web development projects.

Technical Skills

- **Frontend:** HTML5, CSS3, JavaScript

- **Backend:** PHP, Laravel, Python, Java.

- **Databases:** MySQL, MongoDB(basics)

- **Frameworks:** Laravel (MVC Architecture)

- **Tools:** Git, GitHub, VS Code.

- **Extra Skills:** C, C++, DSA.

Projects

1. Personal Portfolio Website

- Designed and developed a fully responsive personal portfolio using HTML, CSS, Tailwind, and JavaScript.
- Includes sections for skills, projects, and contact information.

2. Student Management (basic CRUD) using PHP & Laravel

- Developed a basic dynamic web application using PHP and Laravel framework.
- Implemented CRUD operations, routing, and MVC architecture.

3. Netflix Clone

- Practice of my HTML, CSS basics to create a Landing page
- This webpage shows my front-end skills

Education

- 2024–Present Master of Computer Application (MCA) — Kurukshetra Open University

- 2020–2023 Bachelor of Arts (B.A.) — School of Open Learning, Delhi University
- 2019–2020 12th Class (Arts Stream) — Government Boys Kiran Vihar School
- 2017–2018 10th Class — Government Boys Kiran Vihar School

Experience

- **Software Faculty At Indian Institute of computer Science March 2024 – December 2025**
  - Experienced Software Faculty with hands-on expertise in web development and programming. Skilled in mentoring students through frontend and backend technologies including HTML, CSS, JavaScript, PHP, and Laravel, while guiding them on real-world and academic projects. Actively involved in project planning, debugging, deployment, and student coordination, contributing to a productive and professional learning environment.

Strengths

- Quick learner
- Strong problem-solving skills
- Team player with good communication
- Positive attitude and adaptability

Certifications

- **Certified Course ADCE** (Advance Diploma in Computer engineering) IICS (Indian Institute of Computer Science, Nirman Vihar)

Hobbies & Interests

- Coding and learning new technologies
- Problem-solving and logic building
- Tech blogs and tutorials

Declaration

I hereby declare that the above information is true and correct to the best of my knowledge.
